

# ANTHONY ALLPORT WINE

Decibel Wines are Daniel Brennan's vision to create wines using classic practices, minimal intervention, and wines with a community based attitude. "These are ideas as old as wine itself and I believe strongly in them. However I look to the future as well. I look at a time when we use smart practices in the vineyard and the winery that not only inspire but preserve our great planet. I've had a great deal of help from many other winemakers, growers and friends in Hawkes Bay, Martinborough, and back home in the USA as well".

This single vineyard wine was produced from an organic dry-farmed block with a unique soil structure for Martinborough with clay over top of free draining old riverbeds.

## WINEMAKER NOTES

Ruby jeweled color with aromas of raspberry, spice, dark toast and forest floor. The mouthfeel is bright and perky on entry with soft, savory flavors and supple acidity. The structure is built on fine grain and chalky tannins with a lingering juicy finish.
