

2022 PROSECCO PET NAT

# DAS JUICE

## THE 2022 VINTAGE

The 2022 vintage was a solid one for us with a wet early summer period followed by a dry January-April. Crops were small meaning we were down slightly across the board but quality in our mind was the best yet. For the 2022 release we secured a few new long-term vineyard leases with all wines now fully organic and from South Australia. We will be working together with our growers over the coming season to hopefully have the label fully certified for upcoming vintages.

## THE WINE

95% Glera from the steep Peters Creek site with a small amount of Muscat from Zerella our juice addition. Glera fermented dry on full solids while the Muscat held back as juice and added to the ferment pre bottling. 15ppm SO<sub>2</sub> addition prior to bottling. 12.2% ALC

## THE VINEYARDS:

PETERS CREEK - KANGARILLA,  
MCLAREN VALE

Vineyard Organically managed by Jim Zerella. Planted 1999 – 2004, 290 -340m above Sea Level, Sandy silt Loam over clay Shale at depth.

ZERELLA – MASLINS, MCLAREN VALE

Vineyard Organically managed by Jim Zerella. Planted in 2002, 45m ASL, red sandy loam over shallow clay then limestone.
